

INTRO PAK

With Elite Racing you have unique access to winning selections and proven profitable betting strategies. If you can make the commitment to yourself to bet methodically and professionally as instructed then you can make as much as you want from your betting.

WELCOME TO ELITE RACING

Elite are here to help you improve your betting skills and therefore your chances of winning at this fascinating game. We put an extraordinary amount of time into form and video study and combined with our experience and leading-edge methods, no other service can match our expertise in race analysis of Melbourne Racing.

We not only provide sound, thoroughly researched selections, our main aim is for you to develop as a punter and eradicate the usual bad habits associated with aimless or compulsive betting.

You can't get rich overnight, but you can do a whole lot better than Mr. Average Punter who squanders a huge chunk of his pay packet every week. Less than 2% of bettors are successful professional punters. But when you consider that 2% of a usual Saturday race crowd at a city track is about 20 people, you realise that you have probably rubbed shoulders with them every time you've been to the track and more importantly, they are just like you. The only difference is they have dedicated themselves to winning at racing. Many are Elite clients.

Checklist of a WINNING Punter

Checklist of a WINNING Punter

Two punters can have access to exactly the same long-term proven winning selections yet one will win and the other will lose. The winner committed to the following non-negotiables. The loser has baulked at one or more - and it only takes one.

- Make a genuine, full-hearted pledge to yourself to do what it takes to win at punting.
- ✓ Have access to profitable long term selections that are proven to win at level stakes over many hundreds of past actual tips.
- ✓ Have a strategy
- Stick to the strategy and don't second-guess any qualifying bet.
- Bet the percentages as recommended.
- ✓ Know in detail what past bad runs have looked like and know that they are an ongoing fact of life for any punter.
- Have a physical Bank. No bank means guaranteed failure. It is amazing how a bad day seems so insignificant when a REAL bank is in place.
- Mug bets must be funded by a separate bank and EVERY ONE must be recorded. You will be amazed how these eat up the cash despite the occasional windfall. They can be good fun if the money won't be missed.
- Never mix up bets from other services or sources with Elite bets.

We have already taken care of three of the nine critical points. **If you can tick the other six you will win.** Each point is simple on its own, but many punters give up this unique opportunity because they can't muster or maintain the discipline.

Email: Summary of the day's bets and Race-day Pro-Sheets	Deadlines: Online and emailed. Mel, Syd and Platinum before 10:30am race-days. Nationwide deadline is 11:30am. We usually get them to you well before that deadline.

We try to get the raceday messages out before the deadlines. **If there are adjustments, the member's raceday page is where to get that up-to-date information.**

Keep Up to Date

Don't get left behind!

Please take the time to read the latest newsletters and memos and make sure you read the extra information on raceday emails. We are always responding to queries from clients or simply sharing new knowledge. If we find an extra edge you will be the first to know.

Clients who do not bother to invest that few minutes and read the material, soon get left behind and become confused.

Office Communications

Email is always best.

Our phone communication does not compare with our email customer service because phone calls can come in when we are under the pump and simply have not got the time to give considered answers to some queries. With 600+ clients it becomes impossible to allocate the time provide a satisfactory phone service.

Email us with clear questions and we will put in the time to make sure you get the right answers, nearly always same day.

Winning with Elite Racing:

Elite Racing information is regarded by professionals as the best available for Melbourne racing.

We provide free betting strategies and ongoing, updated recommendations to keep up with the forever changing betting landscape in Australia.

The hard part is done at this end, but you still can't win unless you apply our proven investment strategies with the resolve to give it a **fair dinkum go for the long term**.

Track Conditions

We put a lot of extra work into getting the track condition right and in over 90% of the meetings throughout the year we race on conditions that we expect.

On the raceday message we list the track grading 1-10 (1 being very hard and fast and 10 being very heavy) - that we rate to and add notes if necessary so you can bet without worrying about the conditions.

However, if you **set a rule not to bet if the track grading changes more than one grade away from our morning grading** then over the long haul you should expect better results. If we list two gradings, the first-mentioned grade is the one to use. For example, if we note our track 'rated to' as "3/4" the 3 should be used. If it is "5/4", then use 5.

All results are recorded even if the conditions change more than one grade.

We look forward to the wet tracks because it is another area that our research, experience and methods provide a clear advantage. Windy days can be problematic, and we keep detailed records of wind speed and very importantly wind direction.

Why Doesn't Elite have Bookie Ads?

Being paid for providing racing tips and having an affiliates arrangement with bookies is a conflict of interest.

It is a bit rich to claim to provide winning information for members but then take massive commissions when their clients lose. (25% of their referred clients' losses (and higher) for life).

If you want to be a part of a service that gets paid by bookies if you lose, then Elite is not for you.

Elite continues to lead the way in the racing services industry by the length of the Flemington straight.

- Amazing ratings accuracy
- Betting-strategies that really do win in real-time.
- Unequaled customer service
- Always going that extra mile to make sure clients get 110% from their Elite investment from day one.
- Almost a hundred of our 700 (capped) Australian and International members started with us in the nineties!

But more importantly it is our proven integrity and honesty in all dealings that sets us apart.

Elite Betting Strategies

The most effective betting strategy depends on your membership package. This explanation Pdf makes our recommendations very clear.

[Post Spring Strategy recommendations Nov 13th 2023 Pdf](#)

Minimum Odds

Many of Elite strategies have a built-in minimum AM (morning) odds cut-off. However, some of the contributions from the newer computer-based strategies have no price restriction at all.

Our research shows that qualifying bets that are shorter than \$2.30 AM Odds can be discarded without giving up much profit. The < \$2.30 strike rate will be around 50% but the profit percentages are negligible.

Elite COMBO Strategy

Most Melbourne and Sydney members have chosen this strategy as their main plan. The Combo Bets are calculated and presented on the raceday messages.

Elite Platinum Members

Q & A.

Q: Platinum members get two lists of bets: E4 and Monster. Do you recommend one over the other?

A: The Monster-Bets are a new concept. They do include all the E4 qualifiers. There are also many other strong bets from other sources. We have no doubt the Monster bets will out-perform the E4 bets in the long term.

For Platinum members, we recommend a bank for the Monster Bet qualifiers.

The E4 bets increased the bank by \$6,000 in less than three months in April-June 2023. That's live as listed at the time! Our three-year trial of Monster-Bets far exceeds this already amazing achievement.

Q: You mentioned that you are sourcing some Platinum (E4-Bets) qualifiers from computerised Mel and Syd ratings. Do we get access to those ratings?

A: No. We do put Mel and Syd through our computerised ratings program but that is to find special top-raters that pass a series of strict filters. They get considered for a spot in the Platinum E4 Strategy. A lot of the ratings information falls short of Elite Ratings. There are some gems amongst them, and we know where they are. It would simply be confusing to provide two sets of ratings for Mel and for Syd.

Q: Are the strategies set in concrete or do you expect some adjustments along the way.

A: We have the settings in place that will ensure long-term profitable performance but if we see opportunities for improvement, we will implement them. We never stop striving for perfection.

Q: What time do we get the raceday information?

A: The later we can hold off, the more accurate the data. We try to get the info online and emailed by 10:30am.

Mel-Pro Strategy

The Mel-Pro Strategy is a combination of the original Melbourne Pro-Strategy bets that are listed on every raceday message (since 1987), the famous Mel-Combo bets and the Mel computerised ratings' specials.

It was explained to members in this newsletter:

[Mel-Pro Strategy Explained in July 2022 Pdf](#)

ALL Mel-Pro qualifiers will be listed in that spare column on the Mel race-day Pro-Sheet. If a bet is listed at less than \$100 it is your call if you want that 'interest' bet on it.

Multi Betting: Exactas, Trifectas and First Fours

Each raceday message (online, email and app) includes the "ALL-Rated" list for each rated race. This is where members go to source their Multi betting action for the day.

The instructions below the list are our recommended method of setting up your multi bets. We have been noticing a return of value which started turning back in our favour mid-2019.

Here is how a typical **All-Rated Multi sheet looks after the results are filled in.**

Base Multi: 3 to win, 9 for 2nd, 9 for third, 12 for fourth ie: Top-3 Rated to WIN, ADD next six to those three to make nine for 2nd and third, ADD 3 more to those 9 to make 12 for fourth. The "Pro" version uses the same formula however stick to races with 12-15 runners.											

The \$17k div was **\$28k in NSW** but we stick to Vic Divs for consistency.

Boxing several horses is never a good idea. That is what the other 99% of punters do and it plays into our hands.

Race 8 would have been a winner for a box-5 but the other three winning multis that we got at Sandown relied on the wide net we set for the placings.

If we hadn't found **Flying Sardine** (2nd Race 4 at 50/1) in our five rated selections she would have been right at the bottom of the list in tenth place (longest odds in the race). We take nine for second and third and would have missed the \$17k F4.

Multi Betting Success comes down to:

- finding the winner in the top-3 Rated
- including the right longshots in the top 5
- having the net spread to nab the Pacodalis (Race 9-1) well down the list.

We do all that for you with uncanny consistency.

Example: Race 8 above

Three to WIN: 9-5-1

For Second: 9-5-1 **PLUS** six more to make NINE: 14-12-17-2-6-11

For Third: same as second: 9-5-1-14-12-17-2-16-11

For Fourth: 9-5-1-14-12-17-2-16-11 **PLUS** three more to make twelve: 13-7-18

It is up to each member to decide whether to cull numbers and what flexi bet amount they choose. If culling, work from the bottom eg: if you only want to take seven for second, 16 and 11 would miss that spot.

Colour Coding Winning Chances and Main Dangers

In October 2020 we introduced a Mel colour coding system. We highlight the definite winning chances in green and the serious dangers in blue.

Refer to Newsletters: [Oct 19th 2020](#) and [Oct 26th 2020](#) for more detail and results as well as follow-up newsletters into 2021 especially the Aug-4th and Aug 7th 2021 newsletters.

[Elite Memo August 7th 2021](#) Pdf (*Elite Combo final update*)

[Elite-Combo Newsletter August 4th 2021](#) *Elite Combo end of Season appraisal/enhancements*

In this example we had six REAL winning chances (green) and ONE that we considered a danger that would not surprise at all.

9	CARIF	BM	\$ 26.0	Peter Snowden	Kerrin McEvoy		11	55.0	55.0					
13	SUPER GIRL													

Miami Bound won at \$26.

Note1: The order that the horses are listed as: **Top-5 rated selection in order** then **the rest in order of AM** (morning) odds.

This example shows it was a very tough race. Our Top-5 rated are all green as well as Oceanex. Just the one other was considered as a genuine chance to upset our main chances - Miami Bound.

Hush Writer was considered no hope (no colour) but was listed above Oceanex etc because his price (AM Odds) was shorter. Same with Trap for Fools/Miami Bound.

The Rating Sheets

The Elite-Ratings rating sheets have been produced since 1987 and provide a wealth of information. They are used by professional punters and bookmakers for that extra information that is quite often only uncovered by the Elite Racing Form Analysis process.

Here is what you see on the Race-day Pro-Sheet which is attached to your raceday email as well as uploaded to the members' page in Excel and Pdf versions.

Confused or Overwhelmed?

In newsletters and memos, we do discuss other strategies and ideas from time to time. Although Elite-Combo are the main plans for Mel and for Sydney, Elite members have plenty of free data to make their own informed decision as to how they make best use of all the Elite raceday information.

The bets for the main plans are worked out for you and listed on race-morning with the recommended bet size - ready to bet.

The Multis are a fun way to get involved in more races and get returns from more of the big-priced winners that we find on a regular basis.

Conclusion

You will not win money at the races unless you can rigidly stick to a plan through thick and thin.

If you can make the commitment to yourself to bet methodically and professionally from now on, then I know that you will make as much as you want from your betting.

There have been **many losing streaks for every plan**, yet they all recovered the losses and hit new bank record highs for those who stuck with them.

The recovery phase is fantastic but sadly comes when some members have decided to give up. They most probably did not have the physical bank in place.

With Elite you have unique access to winning selections and proven profitable betting strategies; all you need is the determination and business-like approach to make this work.

The percentage of renewals to Elite is extremely high, the envy of our competitors. We work tirelessly to keep it that way. **Subscribers do not renew unless they are happy with the service, and they are making a profit.**

If you have any specific queries just **send an email**.

We are here to help you and improve all aspects of your punting. We try to check for emails of an **urgent nature** right up to midday on race-morning but after that we are in the ring backing our judgement just like you.

Looking forward to a long and profitable association.

All the best
